

The New Forest Cycle Trails

- Waymarked trails
- Visitor attractions
- Places to eat
- Linked car parks

Over 100 miles
of off-road trails...

On your bike

Come and explore the New Forest on two wheels...

Exploring by bike is the ideal way to discover the magnificent beauty and fascinating wildlife that can easily be missed by car.

The off-road and road-based New Forest cycle network offers something for all the family to enjoy. The Forestry Commission provides over 100 miles of off-road waymarked cycle routes. Most of these routes are particularly suited to families with children and can also be used by people on mobility scooters. The routes are marked on the ground with wooden posts, each numbered. Some of these are shown on the map to help you to find your way around. These marker posts also display an Ordnance Survey grid reference.

This map brings together these managed routes with all similar networks in the New Forest National Park and links to the surrounding area.

The New Forest is a beautiful, tranquil and environmentally sensitive place enjoyed by local residents and visitors alike. Mutual respect and courtesy are essential to enable those with different interests to enjoy the Forest together.

This is a working forest, with forestry, farming and equestrian activity on its narrow roads and tracks. Ponies, cattle and other animals are free to roam the Forest and most of its roads. Be aware that animals are easily startled and may suddenly move into your path.

Follow the Forest Cycle Code

Please follow both the Highway Code and this New Forest Cycling Code which is supported by cycling groups and local organisations.

Be considerate

- Ride positively and well clear of uneven road edges but with consideration for other road-users. To allow vehicles to overtake safely, leave gaps for them to pull into and move into single file when necessary and safe to do so. Never ride more than two abreast.
- Off road, cycle only on the waymarked network of Forestry Commission tracks, bridleways, byways, restricted byways and designated routes.
- Use this map to plan your route, check the Forestry Commission website for route closures, and try to be off Forest tracks by sunset.
- Be polite to other cyclists, motorists, pedestrians and residents.
- When passing people and animals, use your bell or call out a warning and allow them plenty of room. Be prepared to stop if necessary.
- Do not drop litter or feed the animals; human food and litter are a danger to them.
- Close gates behind you so the animals don't stray
- Respect the quiet of the Forest.

Be safe

- Pass animals slowly and to one side if possible.
- Take extra care near horse riders; a kick or fall from a horse could be fatal. Be prepared to stop. Use your bell or call out a friendly warning well in advance. When it is safe, pass wide and at walking pace, to one side only. Look out for any reaction from the horse.
- Keep to a safe speed, on and off road, particularly on narrow lanes, steep hills and bends. Look out for pot holes, poor surfaces and cattle grids.
- Look out for and obey safety signs. Do not pass large vehicles and trailers until you know it is safe to do so.
- Ensure you are visible by wearing bright or reflective clothing. Use lights after dark and in poor daytime visibility.
- Avoid the use of earphones.

Cycle Hire with Free Sat Nav

Looking for the best cycle routes in the New Forest? Then hire a bike with a free sat nav to guide you.

The New Forest National Park Authority has teamed up with Garmin and local bike hire companies to provide cyclists with free hire of GPS devices to help them find their way around and enjoy the National Park. The Garmin Edge Touring devices are simple to use and come loaded with a range of easy to follow, family-friendly cycle routes. They are available free of charge with bikes hired at outlets around the New Forest.

You can find more about the service at www.newforestnpa.gov.uk/cyclenav
